

FREE Workshop **How to Care for or Establish a Water-Wise Garden**

Saturday, July 14th

10:00 a.m. – 12:00 noon

San Benito County Water District

30 Mansfield Road (near the intersection of Fairview and Santa Ana)

Lisa Mc Andrews, who taught horticulture at Cabrillo College for 36 years, will be leading this workshop. In addition to her teaching experience, Lisa has a Master of Landscape Architecture degree from the University of California at Berkeley.

This workshop will assist the following:

- New homeowners with drought-tolerant landscapes
- Those wanting to transform their landscapes to be water-wise
 - Water conscious community members

Call (831) 637-4378 to register

Drinks and snacks will be provided

Free water-wise garden pamphlets and landscape plans

Water Resources Association of San Benito County
